Working Conditions and Physical Demands

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of the job:

- Camp Ho Mita Koda is a residential summer camp with building and program sites located throughout a 72 acre wooded campus. Terrain is hilly in some areas and program areas are accessible by gravel or unpaved paths. The majority of the Camp program is designed as a physically active, primarily outdoor program.
- Camp Counselors reside at Camp and sleep overnight in a camper cabin. Camp Counselors will work a variety of hours, including early mornings and evenings. Wake up is at 7:00 AM and lights out is at 10:00 PM. Camp Counselors receive break times each day, a minimum of one 24-hour period off between residential camp sessions, and one 24-hour period off during 12-day sessions.
- Must be in good physical condition to actively participate in camper activities and assist campers in an emergency situation (fire, evacuation, illness or injury) and possess the strength and endurance required to maintain constant supervision of campers for prolonged periods of time. Camp Counselors will be exposed to outdoor weather conditions, including extreme heat and/or cold, and will have exposure to wet and/or humid conditions.

- While performing the duties of this job, the Camp Counselor is required to sit, stand, walk, and talk and hear. He/she is required to climb or balance, reach with arms and hands, and use hands to use objects, tools and program equipment. Due to the nature of camp activities, the full ranges of physical movements are required in this position, including walking, jumping, lifting, stooping, stretching and climbing.
- The employee is exposed to potential hazards including toxic or caustic chemicals.
- Physical demands may involve lifting and moving equipment. Camp Counselors must be able to exert up to up to 50 lbs. of force frequently, and/or up to 20 lbs. of force constantly to move objects.
- Vision, which may be corrected, and hearing, which must be in a normal range as measured by a standard audiogram, must be good enough to see and hear children and adults in life and/or health safety endangering situations. Vision and hearing are required to identify and respond to environmental and other hazards related to an activity, and in daily activities and programs.
- Camp Counselor must be able to read and record information such as blood glucose results, menus, meeting minutes, and daily schedules.

Performance Evaluation:

Camp Counselors will be formally evaluated at mid-point and end of summer by the Camp Director and Head Counselor. Informal evaluations such as daily observations, spot checks, feedback from other camp staff and camp parents may occur throughout the summer. Key components of evaluation include: Quality of Work, Working Relationships and Interpersonal Skills, Judgment and Problem Solving, Initiative and Communication.

Benefits

- \$200.00 base pay per week for new Counselors (individuals who have not been employed at Camp HMK previously)
